## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Greeley on 5/16/05.

The application has been amended as follows:

Claim 18, line 2, the phrase "a plurality of" has been deleted.

Claim 26, line 1, "claim 25" has been replaced by --claim 24 --.

Claim 47 has been canceled.

### ***Allowable Subject Matter***

2. Claims 18-24, 26-29, 42-44 and 50-51 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 18, 24, and 42 recite a specific combination of steps including the filtering of a universe of financial instruments and displaying the results in the form of a histogram. Applicant's priority date goes back to 9/4/98. The Marshall reference shows financial instruments being grouped in a virtual display. However, applicant further specified the histogram and the filtering process to read over Marshall.

Art Unit: 3627

It would not have been obvious to alter Marshall to read on the invention. Foreign reference Lee et al. (EP 996886, dated 7/27/98) shows a histogram of "agents". The background gives an example of how an "agent" could monitor the value of stock in the financial markets and alert users. This falls short of teaching the invention.

Mathworks.com (a non-patent literature reference) discloses a software package with a statistics "toolbox" and a financial "toolbox". The statistical toolbox shows the use of generating a histogram. The financial toolbox shows the manipulation of financial data. There is no teaching of how or why these two features would be combined to meet the recited claim steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
